

Voter Registration Sample Script

Hi, I am _____ and this is _____.
We're volunteers doing a voter registration drive with the 46th LD Democrats.

1. Are all the eligible voters in this house registered to vote?

If answer is YES:

That's great. Our list from the Secretary of State shows that _____ and _____ are registered voters here. Is that still correct? Is there anyone else? Is there anyone who will turn 18 by November 4?

If answer is NO, not everyone is registered:

Great, we can help with that. Please take a couple of minutes to fill out this voter registration form and we'll mail it for you with others from this precinct. *(Give them the form on the clipboard and a pen, and collect the completed form when they are finished. If they prefer to mail it, please note their name and address on the Tally Sheet. Make sure to write down the party preference code for new registered voters if possible.)*

2. Can we ask if you have a voting preference this year?

Code them on the walking list for party preference:

- 1 – Strong Democrat*
- 2 – Leaning Democrat*
- 3 – Undecided*
- 4 – Leaning Republican*
- 5 – Strong Republican*

3. Would you like to receive email updates about volunteer opportunities and events from the Democrats?

If "Yes," check "Y" or "N" in the Email Address section of the walking list, and write down the email address (make sure it is legible!)

Thank you! Have a nice weekend.
